

GOOD BUSINESS IN PAST WEEK

Satisfactory Activity Shown in
All Lines Among Local
Dealers.

SUGAR STILL UNCERTAINTY

BANK CLEARINGS MILLION AND
HALF MORE THAN LAST YEAR.

Local merchants report the past week to have been above the average for the season. In all lines sales have held up well and wholesalers have done a fairly heavy business. The principal feature of the week has been the uncertainty in the sugar market owing to the war at the coast. The bank clearings are more than a million and a quarter more than the corresponding week and the money market has maintained a healthy condition and rates of interest are easy.

Wholesale grocers report that business was never better at this time of the year. The war between the great sugar firms on the coast has rendered the market in that commodity uncertain. There seems to be no prospect of a settlement and local dealers expect a still further reduction in addition to the 85 cents which sugar has already dropped on the hundred pounds. The eastern market responded to the coast reduction but slightly, sugar having fallen at New York but 10 cents. Yesterday it went back to the old price, a general rise of 10 cents taking place everywhere but in Salt Lake, which remains the same. There is no cutting of prices in the eastern market and while in California cane sugar is down to \$4.30 it is \$4.60 in New York. Local dealers are buying only enough to keep them from getting out altogether and are waiting for a further reduction.

Beet sugar fell 75 cents at the same time as cane sugar and should be cheaper. The local market was forced to follow the lead of the coast. The outlook is excellent for a good crop this year and the beet plantings around the different factories have been doing so well that thinning is already going on in some places. A larger acreage was planted this year than before. It is expected that the new factory of the Western Idaho Sugar company at Nampa will be finished by September 1.

Real Estate Sales.

The week has been quiet in real estate circles and few large sales have been reported though all the dealers say that business has been good. There has been a good inquiry for small homes and many small sales have taken place. Some large deals are pending which will probably be completed during the coming week.

Among the sales yesterday was one through the Home Trust & Savings company of a brick cottage on Seventh East between Tenth and Eleventh South from M. L. Marks to M. Torgerson. The price paid was \$1,600.

The eight-room house belonging to James Barlow at 178 A street with 106 feet front was sold to Attorney A. E. Irvine, who will occupy it. The price paid was \$1,275.

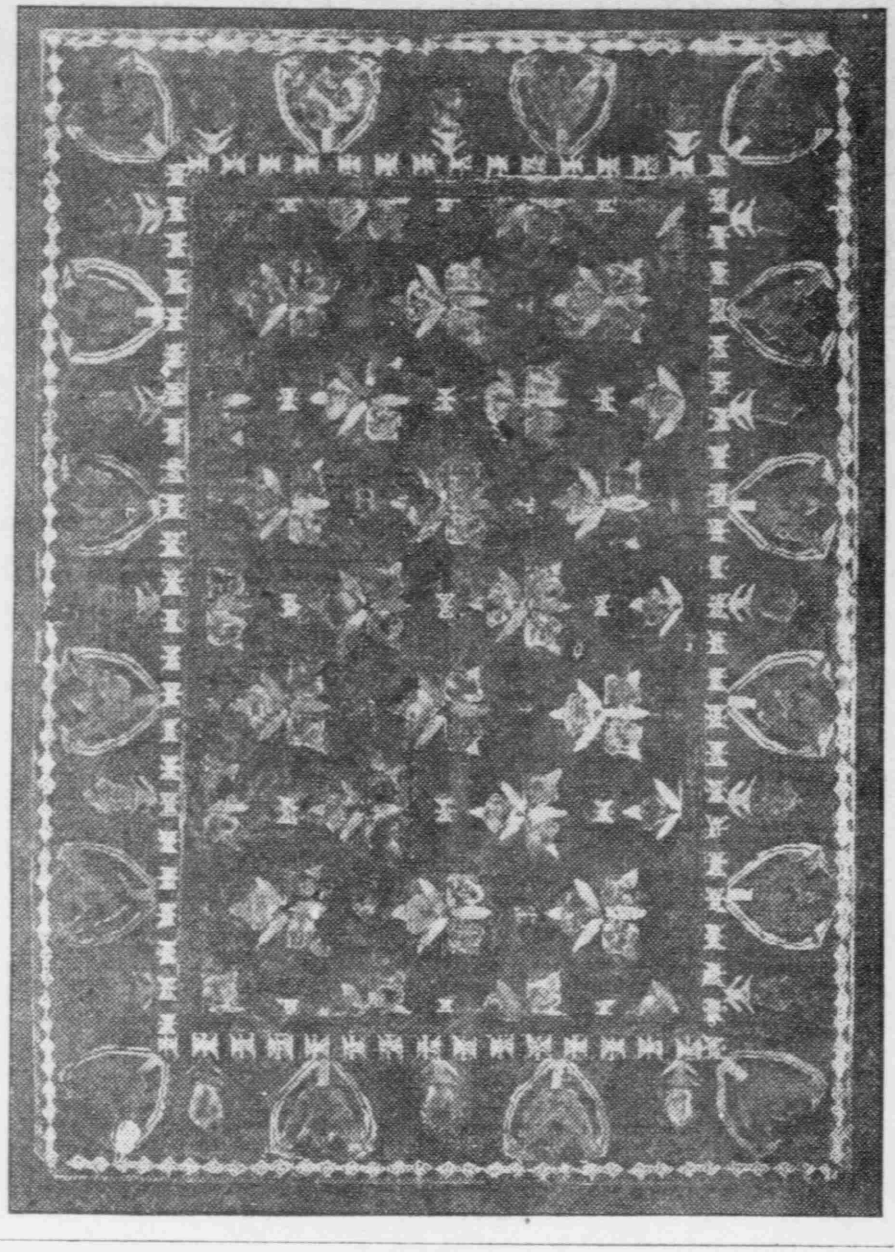

W. H. Jones, jr., has purchased four acres on Twelfth South street from Marjorie & Clark for \$2,100.

There is a fair amount of activity in building circles. Now that the danger of any serious trouble in labor matters has been averted, operations will be pushed. Very many small homes are going up and some more extensive operations are likely to be commenced soon.

Plans are now being completed by Dallas & Hodges, architects, for the two new Granite schools. Each will be on ground 76x111 feet. One will be two stories of six rooms costing \$20,000, and the other three stories of twelve rooms costing \$30,000. They will be of brick and stone. They will be for their construction will be called for in a few days.

The local hay dealers report that hay is coming in much better but that much

Unique Rug Being Made for Training School Principal

A unique idea, carried out in an original design in an original way, will be the rug for the Training School principal, the design for which is shown above. The design is the work of Mrs. Virginia Snow Stephens, the art director of the school, and the rug has been made in pieces by the pupils of the fifth grade in their leisure hours during the past school year. It is likely that the rug will be incomplete at the end of the week when school closes, but it is hoped that it may be in shape for the office of Principal J. E. McKnight at the opening of school in the autumn.

The idea of the rug is based entirely on the work in history and geography done in the preceding grade. The art work of the school is all made to be related to the industrial work studied, and the various experiences of the pioneers were wrought into this design as motifs. The rug is, which played such an important part in the domestic life of the pioneers, is conventionalized forms of the mountains, treated as the Indians treat subjects in their weaving, was made by Mrs. Stephens and the pupils of the same grade, but this is not yet worked out in its forms. The work of the pioneers, as shown in this design, is followed by study of the pioneers in the country, the Pilgrims, and the same general line of art, showing the related industries, is followed.

being delivered is on contracts made some time ago when prices were higher. They have, however, lowered the price of lucern \$1 on a ton, making it now \$16. Corn, they raised 10 cents to \$1.40. Some loose hay of bad quality has been sold in the city and the dealers are warning people against it. It comes from the smelter zone.

There has been a general stiffening in the prices of leather goods and prices are rather high. Dealers, however, report business 75 per cent better than last year. The principal change is an increase in the prices of colored leather goods.

There have been a large number of sales going on among the dry goods firms. Some of these are still on and apparently a large amount of business has been done. All the retailers report trade as excellent.

The wholesale dry goods firms have done a steady business but report uncertainty in some lines, particularly in cotton goods. A drop in prices in these lines is expected soon. Prices on fall goods will be adjusted during the first week in July.

J. C. Cutler, Jr.'s weekly statement

alized, first for a groundwork set in the darker background and then for a border in a different position. Forming a border still within this is a row of the sea gulls, again conventionalized, and scattered throughout the ground are the crickets, whose destructive work almost brought a famine to the land. A minor border of the wheels of the prairie schooners does not show in the reproduction but is well brought out in the rug itself. The whole is in the national colors, with an additional touch of sage green.

Another design consisting of conventionalized forms of the mountains, treated as the Indians treat subjects in their weaving, was made by Mrs. Stephens and the pupils of the same grade, but this is not yet worked out in its forms. The work of the pioneers, as shown in this design, is followed by study of the pioneers in the country, the Pilgrims, and the same general line of art, showing the related industries, is followed.

says: "The Utah County Light & Power company did a good business last year. The company furnishes electric light in the towns of American Fork, Pleasant Grove and Lehi. Earnings were sufficient to pay 6 per cent on the bonds and 4 per cent on the stock last year. The capital stock will be increased to \$200,000. Four per cent has already been paid this year on the stock issued. The business of the Rocky Mountain Bell Telephone company and Independent Telephone company is continually expanding throughout the intermountain region. The prosperity of the farming sections means the prosperity of the Consolidated Wagon & Machine company and as bountiful harvests are expected this company will have a splendid year. Bank stocks, Z. C. M. L. Consolidated Wagon and Home Fire Insurance company stocks are firm, while there is a better demand for the sugar stocks.

Sixty Years' Experience of an Old Nurse.

Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for sixty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures diarrhoea, griping in the bowels and wind colic. By giving health to the child it rests the mother. Price 75 cents a bottle.

A Mountain of Gold

Could not bring as much happiness to Mrs. Lucia Wilke, of Caroline, Wis., as did one 25c box of Buckle's Arnica Salve, when it completely cured a running sore on her leg, which had tortured her 23 long years. Greatest anti-septic healer of Piles, Wounds and Sores. 25c at Z. C. M. I. Drug Dept.

The Bismarck

No. 30 West Second South street, dispenses the genuine imported Bavarian and Pilsener Beers, both on draught and in bottles.

FREE TO OUR FRIENDS!

We want to send to our friends a beautiful French-designed, GOLD-PLATED BONBON BOX, hard-enamelled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of CASCARETS, with which this dainty trinket is loaded. 750 Send to-day, mentioning this paper. Address Sterling Remedy Company, Chicago or New York.

The Watch-Dog in your Vest Pocket

YOU can buy Health Insurance now.

Several good "Accident" Companies sell it.

Sixty dollars per year will bring you \$25.00 per week, for every week you are Sick.

But, your time alone may be worth far more than that.

And \$200 per week might not pay for your suffering.

That's why "Cascaret" Insurance which prevents Sickness, is worth ten times as much money as other "Health" Insurance.

Yet "Cascaret Insurance" will cost you less than Ten Cents a week.

That gives you a "Vest Pocket" Box to carry constantly.

"Indigestion" means food eaten but only partially digested.

"Constipation" means food retained in the body undigested too long, till it decays.

It then supplies the poisons of decay to the system, in place of the nourishment it might have supplied.

Isn't that a tremendous handicap worth insuring against?

What does it cost to Cure Constipation or Indigestion, with their train of small and great ills, and to Insure against a return of them?

Not a very much.

One 30 cent box of Cascarets per week, at most, perhaps half that.

One candy tablet night and morning, taken regularly for a short time, is warranted to cure the worst case of Constipation or Indigestion that walks the earth.

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you. Because 90 per cent of these ills begin

in the Bowels, or exist through poor Nutrition.

Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach.

No—they act like Exercise on the Bowels, instead.

They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food.

They strengthen these Bowel-Muscles by exercising them.

The time to take a Cascaret is the very minute you suspect you need one.

—When your tongue is coated a little.

—When your breath is not above suspicion.

—When your head feels dull, dizzy, or achy.

—When you have eaten too heartily, or too rapidly.

—When you have drunk more than was good for your digestion.

—When you have a touch of Heartburn, Gas-belching, Acid-rising-in-throat, or a Coming-on-Cold.

Carry the "Vest Pocket" Box where it belongs, just as you would your Watch, Pocket-knife or Lead-pencil.

It costs only 10 cents. At any drug-gist.

Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

GARDNER SUNDAY STORE NEWS.

THE MOTHER AND FATHER WHO NEGLECT TO DRESS THEIR CHILDREN WELL SEEM UNWORTHY IN THE EYES OF THEIR NEIGHBORS. IF YOU ARE BLESSED WITH BRIGHT AND BEAUTIFUL LITTLE ONES DO YOU NOT OWE IT TO THEM TO DO YOUR PART AND MAKE THEM APPEAR WELL.

Of course, we know little boys are hard on clothes. For every-day wear we would have stockings knitted out of steel wire, shirt waists made of galvanized iron and knee pants and suits made from battle-ship armor-plate—if we could, but we can't.

We do the next best thing and in the making of our Children's Clothing we require the best materials procurable. It requires constant attention to always secure goods of the highest standard, but people who buy here have learned to expect the best and we intend that they shall never be disappointed.

Next week sees the close of another school term. The boy has studied hard, he has tried to absorb as much, and more than you wanted him to, and he is deserving of something new, same as other boys.

You will get it easier if you get it here.

ONE PRICE. **J. P. Gardner** 136-138 MAIN ST. THE QUALITY STORE.

Our Model

Gasoline Stove is made by the Quick Meal people. This is enough guarantee as to its reliability and usefulness. It is a Quick Meal and Hot Meal and a Good Meal, with a Cool Kitchen and pleased cook. Absolutely safe in all respects, easy and simple to operate and perfectly odorless. We have some Quick Meal Gasoline Ranges. They are superb.
